Prepared by the Legal and Finance Departments, and the Institute for Capacity Development

- In March 2009 the Fund established a new Framework Administered Account to administer external financial resources for Selected Fund Activities (the “SFA Instrument”).**¹ The financing of activities under the terms of the SFA Instrument is implemented through the establishment and operation of subaccounts within the SFA. This paper requests Executive Board approval to establish the Financial Access Survey Subaccount (“the Subaccount”) under the terms of the SFA Instrument.²
- Management and staff have discussed with donors support for continuing the Financial Access Survey (FAS).** The FAS is the only global source of supply-side data on financial inclusion, encompassing internationally comparable indicators of access to, and usage of, basic consumer financial services. Since 2010, the FAS has been managed by the IMF’s Statistics Department (STA) and partially financed by the Netherlands. Establishing the Subaccount as a multi-donor trust fund on Financial Access Survey would provide the opportunity for donors to global financial access efforts to leverage the Fund’s proven technical expertise, while facilitating coordination among stakeholders.
- On the basis of the above, the Managing Director has established essential terms and conditions of the FAS Subaccount with respect to the nature, design, and implementation of the activities to be financed and the method by which the costs of the activities will be financed from the Subaccount.** These terms and conditions include the following:

¹ See Decision No. 14294-(09/31), adopted March 27, 2009. See also [Establishment of a New Framework Administered Account for Selected Fund Activities](#).

² Paragraph 2(a)(ii) of the SFA Instrument.

- a. The resources of the Subaccount shall consist of amounts contributed to the Subaccount by donors wishing to support the FAS ("Contributors"), and earnings that accrue as a result of the investment of these amounts (net of any costs associated with such investments). The resources of the Subaccount will be used to carry out the FAS project, consistent with the purposes of this Subaccount.
- b. Contributors will consent to the essential terms and conditions of the Subaccount before the Managing Director may accept the Contributor's resources into the Subaccount.
- c. Resources will be placed in the Subaccount by each Contributor after signature of a Letter of Understanding (LOU) for Contribution to the FAS project between the Contributor and the Fund. The Subaccount will permit Contributors to transfer resources from any bilateral subaccount under the SFA into the FAS Subaccount.
- d. Contributors may join the Subaccount at any time. A Contributor's consent to the essential terms and conditions of the Subaccount will constitute the Contributor's ex ante concurrence to any additional Contributor joining the Subaccount on the latter's consent to the same essential terms and conditions.
- e. A Contributor may withdraw from the Subaccount, and receive a retransfer of its net contributions, without precipitating the termination of the Subaccount. To help defray the expenses incurred by the Fund in the management of the Subaccount that it will finance, reimbursement equal to seven percent of the expenses financed from the Subaccount will be paid to the Fund from the Subaccount as a trust fund management fee.
- f. Upon termination of the Subaccount, any balances, net of amounts of continuing liabilities and commitments under the activities financed, shall be distributed on a pro rata basis to the Contributors at the time of termination of the Subaccount.

4. **The essential terms and conditions of the Subaccount are consistent with the terms and conditions of the SFA Instrument.** The activities to be financed from the Subaccount are consistent with the purposes of the Fund. Therefore, it is proposed that the Executive Board approve the establishment of the Subaccount.
